

Performance & Capability

- **2.5L Turbo DOHC SIDI Engine with Variable Valve Timing (VVT)** – Produces 328 hp and 442 Nm of torque for strong acceleration and efficiency.
- **8-Speed Automatic Transmission** – Provides smooth and responsive shifting for enhanced driving performance.
- **Performance Off-Road Tuned Suspension** – Designed for improved handling and comfort on rugged terrains.
- **Dual Outlet Exhaust with Bright Tips** – Enhances performance with a bold, sporty look.
- **Active Torque Control AWD System** – Distributes power effectively for superior traction on various surfaces.
- **Chassis, All-Wheel Drive System with AWD Disconnect** – Optimizes efficiency by disconnecting AWD when not needed.
- **Heavy-Duty Cooling System** – Maintains optimal engine temperature under demanding conditions.
- **Skid Plate (Steel)** – Provides underbody protection for off-road adventures.
- **Trailer Package** – Includes heavy-duty cooling system, Hitch View, Hitch Guidance, 220-amp alternator, and a factory-installed hitch with a 5000 lbs. towing capacity.

Safety & Driver Assistance

- **Hill Descent Control & Hill Hold Assist** – Provides control on steep declines and prevents rollback.
- **Hitch Guidance with Hitch View** – Simplifies trailer hitching with clear visual assistance.
- **StabiliTrak Stability Control with Traction Control** – Helps maintain control in slippery conditions.
- **Electronic Precision Shift** – Column-mounted, button-based transmission for intuitive gear selection.
- **Electronic Parking Brake** – Adds convenience and safety with effortless activation.
- **Rear Park Assist & Rear Pedestrian Detection** – Alerts to nearby obstacles and pedestrians when reversing.
- **Side Bicyclist Alert & Rear Cross Traffic Braking** – Enhances awareness of approaching vehicles and cyclists.
- **Blind Zone Steering Assist** – Helps prevent unintended lane changes by steering back into the lane.
- **Adaptive Cruise Control** – Maintains a set distance from the vehicle ahead for relaxed highway driving.
- **Lane Keep Assist with Lane Departure Warning** – Provides gentle steering corrections to help stay in the lane.
- **Forward Collision Alert & Enhanced Automatic Emergency Braking** – Detects potential collisions and applies brakes if necessary.
- **Intersection Automatic Emergency Braking** – Adds braking support in intersections to prevent collisions.
- **Safety Alert Seat** – Provides seat vibrations as an additional warning system.

- **LATCH System** – Ensures secure installation of child safety seats.
 - **Buckle to Drive** – Prevents shifting out of park until the driver's seat belt is fastened.
-

Infotainment & Technology

- **15" GMC Premium Infotainment System with Google Built-In** – Features navigation, multi-touch display, and wireless Apple CarPlay/Android Auto.
 - **11" Driver Information Center** – High-contrast display with customizable information.
 - **Bose Premium 12-Speaker Audio System with Subwoofer** – Delivers an immersive sound experience.
 - **HD Surround Vision** – Provides a 360-degree view for better parking and maneuvering.
 - **Wireless Charging** – Conveniently charges compatible devices without cables.
 - **Multiple USB Ports** – Includes front, second-row, and third-row ports for charging and data transfer.
 - **Active Noise Cancellation** – Reduces unwanted cabin noise for a quieter ride.
-

Comfort & Convenience

- **Tri-Zone Automatic Climate Control** – Individual temperature settings for driver, front passenger, and rear occupants.
 - **Heated Front Seats & Heated Steering Wheel** – Adds warmth and comfort during cold weather.
 - **7-Passenger Seating with Smart Slide 2nd-Row Captain's Chairs** – Maximizes flexibility and easy access to the third row.
 - **Power Folding 3rd-Row Seats** – Expands cargo space with one-touch convenience.
 - **Power Liftgate with Smart Sense Hands-Free Access** – Opens with a simple foot motion for easy loading.
 - **Steering Column, Tilt & Telescopic** – Allows for personalized positioning for the driver.
 - **Universal Home Remote** – Controls garage doors and other compatible devices.
 - **Power Outlets (230V & Cargo Area)** – Provides additional charging options for devices and tools.
 - **Rear Seat Reminder** – Alerts the driver to check the back seat before exiting.
 - **Panoramic Sunroof** – Expands the view and enhances the cabin's open-air experience.
-

Exterior & Appearance

- **18" Dark Machined Aluminum Wheels** – Bold design that complements the vehicle's rugged styling.
- **LED IntelliBeam Headlamps** – Automatically adjusts high beams based on surrounding traffic.
- **Gloss Black Roof Rails** – Enhances cargo versatility with a sleek look.
- **Body-Color Door Handles & Shark Fin Antenna** – Creates a seamless, sophisticated exterior.
- **Rear Camera Washer** – Keeps the rear camera lens clean for optimal visibility.
- **Uplevel Ambient Interior Lighting** – Adds a refined touch to the cabin's atmosphere.
